ADDENDUM # 1

TO ALL BIDDERS:

Vendor Question and Answers:

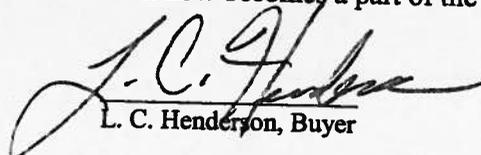

The following question is from a prospective contractor and the Department of Procurement's response to the question.

Question: On Page 13 of 39 in sections 2.6.2.1 and 2.6.2.2, does this mean all delivered cases must be stamped on or just the sample cases. Some product cases are marked for what is inside and a code number indicating the mill. Is that sufficient?

Answer: Per the specification of section 2.6.2.1 and 2.6.2.2 ALL delivered cases must be stamped not just sample cases. A bidding contractor should stamp the cases per the instructions listed in the specs. The cases should have the actual Mill and not just a code number.

The City of Philadelphia, at this time will not accept any additional questions for this bid.

Please sign, date and return this addendum with your bid to the Procurement Department, 1401 J.F.K Boulevard, Bid Room 170A, Philadelphia, PA 19102-1685 as it now becomes a part of the proposal.
