

# ATTENTION TO ALL VENDORS

Does the City of Philadelphia have your company's email address? The City is migrating to an entirely electronic bid announcement process. It is very important that the City has ONE valid email address for all of its vendors so that they can continue to be notified of opportunities to bid. If you have not done so already, please submit the one valid email address that you would like the City to have for future correspondence with your company along with your company's name and Federal ID # to [bid.info@phila.gov](mailto:bid.info@phila.gov).
