Homeowner's Emergency Loan Program Agreement

Homeowner(s): _____

Property: _____, Philadelphia, PA 191 _____

The above Homeowner, owner of the Property, has entered into this Homeowner's Emergency Loan Program Agreement ("Agreement") with the City of Philadelphia ("City") through its Water Department ("PWD") to obtain a loan for the repair of a water service line and/or sewer lateral(s) at the Property on the below date, under the following terms and conditions.

Homeowner's Certification

1. Homeowner is record owner of the Property.
2. Homeowner resides at the Property.
3. Homeowner certifies that the Property does not contain more than four (4) separate units.
4. Homeowner is not delinquent by more than two billing cycles on his/her water/sewer/stormwater bill for the Property, or for any other property owned by Homeowner in the City of Philadelphia, except as may be covered by a current payment agreement with the Water Revenue Bureau ("WRB") or its agent(s).
5. If any false or incorrect information is supplied by Homeowner in the course of procuring this loan, PWD has the right to deny the loan, rescind the Agreement, and recover any outstanding payments due the City.

Scope and Completion of Repair Work

6. PWD or its agent(s) shall determine the scope of the repair work ("Repair Work") at the Property.
7. PWD shall select the plumbing contractor ("Contractor") to perform the Repair Work from plumbers under contract with the City.
8. Homeowner shall be granted one (1) year warranty by the Contractor covering the Repair Work. Homeowner shall be granted two (2) years warranty by the Contractor covering all concrete/brick repairs.

Payment Responsibilities

9. Homeowner is responsible for the Total Cost of the Repair work (as defined in Paragraph 10), payable to the WRB in sixty (60) equal monthly installments beginning with the first monthly bill. The loan is interest-free, unless the Homeowner is or has been in default of the Agreement. Interest and penalties shall then be accrued as set forth in Paragraph 14.
10. The Total Cost of the Repair Work shall equal the Initial Estimate (written in this Paragraph 10) plus adjustments (as described in Paragraphs 11 and 12) to that Initial Estimate.

The Initial Estimate for the Repair Work is \$ _____

The Total Cost of the Repair Work is \$ _____

11. The Total Cost of the Repair Work may be more or less than the Contractor's Initial Estimate. If PWD determines that the Total Cost of the Repair Work is more or less than the Contractor's Initial Estimate, Homeowner must authorize that the Repair Work be completed for the Total Cost by signing a Change Order. The loan amount shall be equal to the Total Cost of the Repair Work.
12. The Total Cost of the Repair Work shall be stated in the Certification and Guarantee provided to Homeowner upon PWD's inspection of the Repair Work. The Certification and Guarantee shall be attached to and incorporated into this Agreement.
13. Homeowner agrees that the City shall place a lien on the Property in the amount of the Total Cost of Repair Work. The City shall remove the lien upon repayment of the Total Cost of Repair Work. There shall be no penalty for prepayment of the loan.
14. Homeowner agrees that after two (2) consecutive missed payments the Homeowner has defaulted on the Agreement, and the outstanding balance immediately becomes due and payable without further notice. Additional charges that the Homeowner shall be responsible for upon default are: interest at the rate charged for water/sewer/stormwater overdue bills, a penalty fee of five percent on the total loan amount, and the cost of filing the lien. These charges will be added to the outstanding balance as part of the lien against the Property. Once default occurs, interest will still be accrued for the remaining term of the loan, even if the Homeowner subsequently satisfies the missed payments.
15. This Agreement constitutes the entire contract between Homeowner and PWD. There are no collateral or oral agreements or understandings. This Agreement shall not be modified in any manner unless an instrument in writing is executed by all parties to this Agreement.
16. Homeowner shall be subject to existing Regulations governing shut off of service.
17. Homeowner waives his or her right to appeal HELP loan bills to the Tax Review Board.

Homeowner is not required to participate in the program and is free to have the necessary repairs made without assistance from the City.

DEPARTMENT OF STREETS
REGULATIONS
FOR OPENING AND RESTORING
STREET OPENINGS

Attachment "H"

REGULATIONS

**Department of Streets Regulations
For Openings and Restoring Street Openings(Adopted June 1, 2006)**

OPENINGS

Before proceeding with the opening of a street, the area immediately adjacent to the work site shall be made safe with lights, barricades or other devices approved by the Streets Department to insure the safety of the motoring public, pedestrians, and the individuals doing the work.

The equipment being used, whether stationary, such as a compressor, or active, such as a backhoe, shall be located and operated in a manner such that it may effectively be used to accomplish its designated work but at the same time its location and operation should offer a minimum of interference with vehicular and pedestrian traffic.

The material removed from the ditch shall be piled in a location adjacent to the ditch so that it does not interfere with vehicular and pedestrian traffic. Excavated materials in excess of the amount needed for backfill shall be removed and the street cleaned.

The top of a tunnel in a paved street shall not be less than five feet from the surface of the street and the tunnel shall not extend more than five feet from the curb.

No trenches or excavations shall be left open overnight unless approved by the Chief Highway Engineer. Open excavations shall be protected with concrete jersey barriers, steel plates, or other methods approved by the Chief Highway Engineer. Steel plates shall be pinned in each corner with a smooth headed pin that does not protrude above the plate more than 0.5 inches. The pins must extend into the street surface at least 3 inches. The plate must extend at least 12 inches beyond the edge of the excavation in all directions. The plate must be ramped with asphalt at least 6 inches wide. The plate must be removed immediately upon completion of permanent restoration.

BACKFILLING

Ditches and other street openings shall not be backfilled until all tests required by the various utility companies and/or the Water Department have been completed.

Trenches and other street openings shall be carefully backfilled with materials approved by the Streets Department and shall be equivalent to clean excavated soil, loam, sandy clay, sand and gravel.

The backfill shall be thoroughly compacted in layers not exceeding six inches by rolling tamping with mechanical rammers or by hand tamping with heavy iron tampers.

Upon completion of the backfill the street opening shall be made safe by topping the dirt backfill with an asphaltic cold mix paving material in a level plane with the surrounding roadway surface and not creating a hump or depression in the restoration area.

The refilling of all tunnels shall be thoroughly compacted by ramming. The surface over tunnel shall be broken down if required by the Streets Department, the opening shall be refilled and the refilling thoroughly compacted by ramming.

RESTORATION

Before restoration of the pavement, the base course shall be cut back six inches wider than the original opening on all sides. If the edge of the base course adjacent to and paralleling the curb is within two (2) feet of the edge of the paving or curb, after cut back, the paving shall be removed between the edge of the cut back and edge of paving or curb. The surface course shall be cut back six inches from the outer edge of the original opening. The thickness of the base course restoration shall equal the thickness of the existing pavement but shall not be less than eight inches in depth. This same depth applied to streets with stone black base or other types of temporary paving base. The concrete shall be brought up to the same level as the existing base course.

Just prior to the application of the asphalt top to the ditch, all exposed vertical surfaces of existing binder and surface course shall be painted with hot asphaltic cement. The surface of the concrete base shall be thoroughly cleaned and the application of a tack coat of bituminous material E-1 (AASHO Equivalent RS-1) in the amount of 1/15 of a gallon per square yard shall be applied.

Asphaltic binder shall be then installed up to one inch from the existing roadway surface and compacted, using either an approved mechanical roller or hot iron tampers weighing not less than 25 pounds.

The finished or wearing surface of the restored ditch shall match in kind the existing roadway surface pavement. It shall be installed and compacted in the same manner as the asphaltic binder. The topped of ditch shall have a smooth surface showing no evidence of honeycomb, roller or iron marks.

After topping is completed the seam between the existing surface course and the newly restored top shall be neatly sealed with asphaltic cement. If the ditch is to be immediately opened to traffic, dry sand, or Portland cement shall be evenly spread over the newly installed seal to prevent it being picked up or spread by automobile tires.

If the restoration is to be in finished concrete roadway paving, the dimensions shall be the same as for base restoration. The finished edge of restoration in concrete pavement shall be made with a concrete saw just prior to the paving operation. The minimum depth of cut shall be 1½ inches.

TIMING OF RESTORATION

Between July 1 and November 30 of each year, permanent restoration of all street openings less than twenty-five square yards in size shall be performed within thirty (30) days after backfilling. Between December 1 and March 31 of the following year, if inclement weather does not allow permanent restoration, street openings may be temporarily restored with cold patch and maintained until permanent restoration is performed.

SPECIAL SITUATIONS

There will be no cut back required for a ditch with a surface area one-half square yard or less.

If the ditch restoration occurs in a black base street or stone base country road, the concrete base restoration may be brought up to within one inch of the roadway surface.

Unless approved in writing by the Chief Highway Engineer, restorations in streets that have granite block, brick, or other special surfaces must be restored in kind.

The use of asphaltic or black base will be permitted only where a ditch has to be restored because the street must immediately be opened to traffic. Such cases would include ditches in track areas and streets with only one lane available for traffic. Black base may also be used to patch ditches in inclement weather or where the use of concrete would be impossible or impractical due to future construction. In all cases the permission of the Highway District engineer must be obtained in writing before black base can be used for ditch restoration.

PLUMBERS DITCHES

Plumbers shall comply with regulations governing the opening and backfilling of ditches. If they comply with said regulations, plumbers shall be responsible for their ditch openings for a period of thirty (30) days after receipt in the Street Department of the postal card supplied by the Department of Licenses and Inspections at the time the permit. If the backfilling and topping is inadequate, or was performed improperly, the plumber's responsibility for the opening shall continue.

Failure by the plumber to notify the City that an opening was made and backfilled will not release the plumber of responsibility and may be cause for the City to deny him any future permits.

**CITY OF PHILADELPHIA
OFFICE OF ECONOMIC OPPORTUNITY
ANTIDISCRIMINATION POLICY- MINORITY, WOMAN AND DISABLED OWNED BUSINESS
ENTERPRISES
FORMS, INSTRUCTIONS AND SPECIAL CONTRACT PROVISIONS
(SEALED BID CONTRACTS)**

Under the authority of Executive Order No. 03-12, the City of Philadelphia has established an antidiscrimination policy ("Policy") relating to the participation of Minority (MBE), Woman (WBE) and Disabled (DSBE) Owned Business Enterprises in City contracts. Executive Order 03-12 is administered by the City's Office of Economic Opportunity ("OEO").

The purpose of this Policy is to provide equal opportunity for all businesses and to assure that City funds are not used, directly or indirectly, to promote, reinforce or perpetuate discriminatory practices. The City is committed to fostering an environment in which all businesses are free to participate in business opportunities without the impediments of discrimination and participate in all City contracts on an equitable basis. In accordance with the contracting requirements of the City, the City's Policy is applicable to this Invitation and Bid (hereinafter, "Bid").

The Office of Economic Opportunity has approved the following projected ranges of participation for this Bid which serve as a guide in determining each bidder's responsibility:

MBE	25%	to	30%
	AND/OR		
WBE	25%	to	30%
DSBE	0%	to	0%

These ranges represent the percentage of MBE, WBE, DBE¹ and/or DSBE (collectively, "M/W/DSBE") participation that should be attained by M/W/DSBEs from business opportunities existing in the available market absent discrimination in the solicitation and selection of these businesses and through bidder's exercise of Best and Good Faith Efforts. Best and Good Faith Efforts are those efforts, the scope, intensity and appropriateness of which are taken to achieve meaningful and representative opportunities for participation by M/W/DSBEs. These ranges are based upon an analysis of factors such as the size and scope of the contract and the availability of certified M/W/DSBEs to perform various elements of the contract. The submission of a Solicitation For Participation and Commitment Form and any supporting documentation (more fully discussed below) is an element of responsiveness to the Bid and failure to submit the required information will result in rejection of your bid.

Bidder hereby verifies that all forms, information and documentation submitted to OEO are true and correct and is notified that the submission of false information by bidder is subject to the penalties of 18 Pa.C.S. §4904 relating to unsworn falsification to authorities which may include payment of a fine of at least \$1,000 and a term of imprisonment of not more than two years. Bidder also acknowledges that under 18 Pa.C.S. §4107.2 (a)(4) it is a felony in the third degree, punishable by a term of imprisonment of not more than seven years in addition to the payment of any fines or restitution, if, under any contract awarded pursuant to this Bid, bidder fraudulently obtains public moneys reserved for or allocated or available to minority business enterprises or women's business enterprises.

¹"DBE" or "Disadvantaged Business Enterprise" means a socially and economically disadvantaged minority or woman owned business that is certified under 49 C.F.R. Part 26. If Bidder makes solicitation(s) and commitment(s) with a DBE, Bidder shall indicate which category, MBE or WBE, is submitted for credit.

A. M/W/DSBE PARTICIPATION

1. Only firms that are certified by an approved certifying agency² and identified in the OEO Certification Registry by the time of contract award will be credited toward the participation ranges on City contracts. An OEO Certification Registry is maintained by the OEO and is available online at www.phila.gov/OEO/directory. Firms owned and controlled by minority persons, women or disabled persons, which are certified as MBE, WBE, DSBE or DBE by an approved certifying agency may apply to the OEO for listing in its OEO Certification Registry.
2. No bidder that seeks to meet the participation range(s) for participation by entering into a subcontract with any M/W/DSBE participant shall be considered to meet the range(s) if the M/W/DSBE participant does not perform a commercially useful function ("CUF"). An M/W/DSBE performs a Commercially Useful Function when it performs a distinct element of a City Contract (as required by the services to be performed in accordance with the Bid Specification) which is worthy of the dollar amount of the M/W/DSBE Subcontract and the M/W/DSBE carries out its responsibilities by managing and supervising the services involved and actually self-performing at least twenty percent (20%) of the work of the Subcontract with its own employees. For suppliers, an M/W/DSBE performs a Commercially Useful Function when it is responsible for sourcing the material, negotiating price, determining quality and quantity, ordering the material and paying for it from its own funds. Commercial usefulness will be evaluated and determined by the OEO on a bid by bid basis as informed by prevailing industry standards and the M/W/DSBE's NAIC codes. Participation that is not commercially useful will not be counted.
3. In order to maximize opportunities for as many businesses as possible, a firm that is certified in two or more categories (e.g. MBE and WBE and DSBE or WBE and DSBE) will only be credited toward one participation range as either an MBE or WBE or DSBE. The firm will not be credited toward more than one category. Bidders will note with their submission which category, MBE or WBE or DSBE, is submitted for credit.
4. An MBE/WBE/DSBE submitting as the prime bidder is required, like all other bidders, to submit a bid that is responsive to the Policy and will only receive credit toward the relevant participation ranges (e.g., MBE range or WBE range or DSBE range) for the amount of its own work or supply effort on this Bid. In addition, the participation of an M/W/DSBE partner, as part of a joint venture created for this bid, may be credited towards the participation ranges only to the extent of the M/W/DSBE partner's ownership interest in the joint venture in accordance with the following criteria:
 - The MBE, WBE or DSBE partner(s) must be identified in the OEO Registry prior to contract award;
 - The M/W/DSBE partner(s) must derive substantial benefit from the arrangement;
 - The M/W/DSBE partner(s) must be substantially involved in all phases of the contract including planning, staffing and daily management;
 - The business arrangement must be customary (i.e., each partner shares in the risk and profits of the joint venture commensurate with their ownership interest, contributes working capital and other resources, etc).

²Approved certifying agencies are identified on the OEO webpage found at www.phila.gov/OEO. Applicant is strongly encouraged to search the Pennsylvania Unified Certification Program ("PaUCP") Directory which offers a robust listing of DBEs; the PaUCP Directory is found at www.paucp.com.

5. In listing participation commitments on the Solicitation for Participation and Commitment Form, bidders are required to list a detailed description of the work or supply effort, the dollar amount of the quotation, and percentage of the contract the participation represents. In calculating the percentage amount, bidders may apply the standard mathematical rules in rounding off numbers. The OEO reserves the right to request clarifying information in the event of an inconsistency or ambiguity in the Solicitation For Participation and Commitment Form.

B. RESPONSIVENESS

1. A Bid responsive to the Policy is one which contains documentary evidence of the M/W/DSBEs that have been solicited and that will be used by the Bidder on the contract, if awarded; where the Bid satisfies the M/W/DSBE participation ranges for that contract, the Bidder is rebuttably presumed not to have discriminated in its selection of contract participants.
2. Bidders must submit documentary evidence of MBEs, WBEs and DSBEs who have been solicited and with whom commitments have been made in response to the participation ranges included in this Bid. Failure to submit the Solicitation For Participation and Commitment Form will result in the rejection of the Bid as nonresponsive, although the City, at its sole discretion, may allow Bidders to submit or amend the Solicitation For Participation and Commitment Form at any time prior to award. The Solicitation For Participation and Commitment Form must contain the following information:
 - Documentation of all solicitations (regardless of whether commitments resulted therefrom) as well as all commitments made on the enclosed document entitled "Solicitation For Participation and Commitment Form". Bidders should only make actual solicitations of M/W/DSBEs whose work or materials are within the scope of this Bid. Mass mailing of a general nature to M/W/DSBEs or similar methods will not be deemed solicitation, but rather will be treated as informational notification only. A reasonable period of time should be given to all solicited firms to ensure that they have sufficient time to adequately prepare their quotes/subproposals. The bidder's listing of a commitment with an M/W/DSBE constitutes a representation that the Bidder has made a legally binding commitment to contract with such firm, upon receipt of a contract award from the City.
 - If the Bidder has entered into a joint venture with an MBE, WBE and/or DSBE partner, the bidder is also required to submit along with the Solicitation For Participation and Commitment Form, a document entitled "Joint Venture Eligibility Information Form," available at OEO, for the City's review and approval of the joint venture arrangement.
3. If bidder does not fully meet each of the range(s) for participation established for this Bid, bidder must demonstrate that it exercised Best and Good Faith Efforts to achieve the M/W/DSBE participation ranges along with a written request, on its letterhead, for the reduction of part or all of the M/W/DSBE participation ranges ("Request For Reduction/Waiver"). Bidder, through the submission of documentary evidence must show that bidder took all necessary steps and made reasonable efforts to achieve the M/W/DSBE participation ranges, even if these efforts were not fully successful. OEO will evaluate the scope, intensity and appropriateness of these efforts to ascertain whether they could reasonably be expected to achieve M/W/DSBE participation commensurate with the ranges.

Failure to submit the documentary evidence will result in rejection of the bid as nonresponsive; the City, at its sole discretion, may allow bidders to submit or amend their submission at any time prior to award which may result in revision to bidder's participation commitments. The submission shall contain and discuss, at a minimum, the following:

- Provide reasons for not committing with any M/W/DSBEs that submitted a quote/subproposal, regardless of whether the quote/subproposal was solicited by Bidder.
- Provide list of all certification directories used to solicit participation for this Bid.
- Provide any additional evidence pertinent to Bidder's conduct relating to this Bid including sufficient evidence which demonstrates to the OEO that Bidder has not engaged in discriminatory practices in the solicitation of and commitment with contract participants. In describing Bidder's efforts to achieve participation within the ranges, Bidder may submit any corroborating documentation (e.g., copies of advertisements for participation).

The bidder's documentary evidence will be reviewed by the OEO to determine whether bidder exercised Best and Good Faith Efforts in response to the participation ranges.

Bidder's expressed desire to self-perform work with its own employees will not excuse bidder from exercising Best and Good Faith Efforts to include M/W/DSBEs in its bid and cannot be used as a basis for requesting a reduction or waiver of the participation ranges. OEO's review will include consideration of the following:

- Whether the bidder's actions were motivated by considerations of race or gender or disability. The OEO may investigate the bidder's contracting activities and business practices on similar public and private sector contracts. For example, if bidder rejects any M/W/DSBE based on price, bidder must fully document its reasons for the rejection and also demonstrate that bidder subjects non-M/W/DSBEs to the same pricing standards. OEO will investigate whether there was any attempt at good faith negotiation of price.
- Whether M/W/DSBEs were treated equally as other businesses in the solicitation and commitment process. For example, the OEO will investigate whether M/W/DSBEs are given the same information, access to the plans and requirements of the contract and given adequate amount of time to prepare a quote/subcontract as others who were solicited by bidder. The OEO will also investigate whether M/W/DSBEs were accorded the same level of outreach as non-M/W/DSBEs, for example whether bidder short listed M/W/DSBEs for participation or solicited M/W/DSBEs at any pre-bid meetings.
- Whether the bidder's contracting decisions were based upon policies which disparately affect M/W/DSBEs. OEO will ascertain whether bidder selected portions of work or material needs consistent with the capacity of available M/W/DSBE subcontractors and suppliers. OEO will consider whether bidder employed policies which facilitate the participation of M/W/DSBEs on City contracts such as segmentation of the contract or prompt payment practices.

4. After review of the bidder's submission and other information the OEO deems relevant to its evaluation, the OEO will make a written determination that will be forwarded to the awarding City Department.

- If the bid is determined nonresponsive by the OEO, the applicant will be notified and may file a written appeal with the Executive Director of OEO within forty-eight (48) hours of the date of notification; the decision of the Executive Director of OEO shall be final.

C. RESPONSIBILITY

1. Upon award, the completed Solicitation For Participation and Commitment Form and accompanying documents regarding solicitation and commitments with MBEs, WBEs and DSBEs become part of the contract and the successful bidder is required to enter into legally binding agreement(s) ("M/W/DSBE Subcontract(s)") with its M/W/DSBE participants for the work and in the dollar amount(s) and percentage(s) as so committed (the "Contract Commitment(s)"). M/W/DSBE percentage commitments are to be maintained throughout the term of the contract and shall apply to the total contract value (including amendments). Any change in commitment, including but not limited to, substitutions for the listed firm(s), changes or reductions in the work and/or listed dollar/percentage amounts, must be pre-approved in writing by the OEO.
2. The Successful Bidder shall, within five (5) business days after receipt of a payment from the City for work performed under the contract, deliver to its M/W/DSBE subcontractors the proportionate share of such payment for work performed (including the supply of materials) by its M/W/DSBE subcontractors. In connection with payment of its M/W/DSBE subcontractors, the Successful Bidder agrees to fully comply with the City's payment reporting process which may include the use of electronic payment verification systems.
3. No privity of contract exists between the City and any M/W/DSBE subcontractor identified in any contract resulting from this Bid. The City does not intend to give or confer upon any such M/W/DSBE subcontractor(s) any legal rights or remedies in connection with the subcontracted services under Executive Order 03-12 or by reason of any contract resulting from the Bid except such rights or remedies that the M/W/DSBE subcontractor may seek as a private cause of action under any legally binding contract to which it may be a party.
4. If the OEO determines that the bidder has discriminated against a M/W/DSBE at any time during the term of the contract, the OEO may recommend to the Procurement Commissioner the imposition of sanctions on the Bidder including debarment of the bidder from submitting and/or participating in future City contracts for a period of up to three (3) years.

D. ACCESS TO INFORMATION

1. The OEO shall have the right to make site visits to the Bidder's place of business and/or job site and obtain documents, such as quotations, and information from any Bidder, subcontractor, supplier, manufacturer or contract participant that may be required in order to ascertain a Bidder's responsiveness and responsibility.
2. Failure to cooperate with the OEO in its review may result in a recommendation to terminate the contract.

E. RECORDS AND REPORTS

1. The Successful Bidder shall maintain all books and records relating to its M/W/DSBE commitments (e.g. copies of quotations, subcontracts, joint venture agreement, correspondence, cancelled checks, invoices, telephone logs) for a period of at least three (3) years following acceptance of final payment. These records shall be made available for inspection by the OEO and/or other appropriate City officials. The Successful Bidder agrees to submit reports and other documentation to the OEO as deemed necessary by the OEO to ascertain the successful bidder's fulfillment of its M/W/DSBE commitments.

F. REMEDIES

1. The successful applicant's compliance with the requirements of Executive Order 03-12 is material to the contract. In the event the City determines that the successful applicant has failed to comply with any of the requirements of this Antidiscrimination Policy, including substantial compliance with any Contract Commitment, the City may, in addition to any other rights and remedies it may have under the Contract which includes termination of the Contract, exercise one or more of the following remedies which shall be deemed cumulative and concurrent:

- Debar successful bidder from bidding on and/or participating in any future contracts for a maximum period of three (3) years.
- Withhold from the contract payment(s) or any part thereof until corrective action is taken. If corrective action is not taken to the satisfaction of OEO, the City may, without institution of a lawsuit, deduct money in an amount equal to the M/W/DSBE shortfall which amount shall be collected and considered not as a penalty but as liquidated damages for the successful bidder's failure to comply with the contract.

The remedies enumerated above are for the sole benefit of the City and City's failure to enforce any provision or the City's indulgence of any non-compliance with any provision hereunder, shall not operate as a waiver of any of the City's rights in connection with any contract resulting from this Bid nor shall it give rise to actions by any third parties including identified M/W/DSBE participants.

In the event of any discrepancy between actual time and the City's official bid clock, the latter shall determine the time of bid opening. Notwithstanding the foregoing, the Procurement Commissioner reserves the right to accept a late bid if it is the only response and it is in the best interest of the City to do so.

2. BID SECURITY.

In order to be eligible to bid, all bidders must be enrolled in the City's Annual Bid Security Program. All bidders must complete the registration form and pay a non-refundable Annual Bid Security Program fee of \$100.00, payable annually to the order of "The City of Philadelphia". Enrollment and payment of the Annual Bid Security Program fee must be completed prior to bid opening to be eligible for award. If applicable, an individual bid bond may also be required in the Invitation and Bid. Notwithstanding bidder's enrollment in the Annual Bid Security Program, an awarded bidder who fails to execute its contract will be subject to the City's remedies set forth in Paragraph 17.

3. BID PROCESSING FEE.

In addition to enrollment in the City's Annual Bid Security Program and payment of any other fees or monies required to be submitted with the bid, the bid must be accompanied by a non-refundable processing fee of \$25.00 in the form of a company check, bank money order or United States postal money order made payable to the order of "City of Philadelphia." Cash is not acceptable.

4. SPECIFICATIONS.

When a specification is issued in connection with the Invitation and Bid, no deviation will be permitted, except if/as indicated in the Invitation and Bid and the bidder will be required to furnish articles and/or services in conformity with that specification. When catalogues, model numbers, trade names, or cuts are listed in the Invitation and Bid, they are, unless otherwise specified, included for the purposes of furnishing bidders with reference information concerning the style, type or kind of article and /or service desired. A bidder may offer an article, service and/or equipment, which he/she certifies to be equal or better in quality, performance and other essential characteristics. If submitting an alternate, the

bidder must specify the alternate (e.g., make and model #) in the bid and submit with the bid a complete description of the article (including any technical supporting documentation) and/or service proposed to be furnished. Failure to do so will require the bidder to furnish the article and/or service specified in the Invitation and Bid. The Procurement Commissioner reserves the sole right to determine whether alternates offered are equal or better.

Unless otherwise provided in the bid specifications, all items offered by the bidder must be new. A "new" item is one which will be used first by the City. This clause shall not be construed to prohibit bidders from offering goods, supplies, equipment, or materials containing recycled materials or printing with recycled content; bidders intending to provide goods made with recycled materials should notify the Procurement Department.

Any and all specifications issued in connection with the Invitation and Bid are deemed incorporated into and become part of the Contract.

5. PATENTS.

The successful bidder (also referred to throughout these Terms and Conditions of Bidding and Contract as the "awarded bidder" or "Contractor") shall be solely responsible for all royalties and charges that may be due to any patent holder for or on account of the use of any patented appliance, product or processes. Evidence of such payment shall be submitted upon request of the Procurement Commissioner and failure to submit such evidence may, in the sole discretion of the Procurement Commissioner, result in rejection of the bid or constitute an event of default, entitling the City to all rights and remedies as provided herein in Paragraph 19 Default and Termination.

6. LOCAL BIDDING PREFERENCE.*

In accordance with Chapter 17-109 of the Philadelphia Code relating to Local Bidding Preferences for Procurement Contracts, this bid may be subject to a local bid preference. 8. RESPONSIVENESS.

Subject to the right of the Procurement Commissioner to waive non-responsiveness as set forth below in this Section, these Terms and Conditions of Bidding and Contract and the specifications and requirements included in the Invitation and Bid are mandatory and must be strictly followed by all bidders in the preparation and submission of their bids. Any bid which is incomplete, obscure, conditional, or unbalanced, which contains additions not called for, or irregularities of any kind, including alterations or erasures, or which fails to conform in any respect to these Terms and Conditions of Bidding and Contract and the specifications and requirements included in the Invitation and Bid is non-responsive and shall be rejected, except where the Procurement Commissioner, in his/her sole discretion, determines that the non-responsiveness is not material or that a waiver of the non-responsiveness is otherwise permitted by the Invitation and Bid by these Terms and Conditions of Bidding and Contract or by law. The Procurement Department's determination of non-responsiveness shall be final and any bid rejected as non-responsive shall not be eligible for award of the Contract.

9. RESPONSIBILITY.

Unless otherwise specified, after bids are opened, the Procurement Department, and other City departments or agencies where appropriate or specified, shall review and may investigate the responsibility including, but not limited to, the integrity, qualifications, references, capacity and ability to perform the Contract resulting from the Invitation and Bid in accordance with its terms of the lowest responsive bidder. All determinations of bidder responsibility shall be vested in the sole discretion of the Procurement Commissioner and other City officials. Any bidder who is deemed not responsible shall be ineligible for award of the Contract.

Bidders deemed not responsible will be notified of such determination and the reasons therefore in writing by the Procurement Department, and shall have the right to contest the determination by submitting to the Procurement Department, within forty-eight (48) hours after receipt of its written determination, a written request for reconsideration that includes information relating to the bidder's qualifications and responsibility and demonstrating the insufficiency of the reasons stated in the written determination finding the bidder not responsible. Any further determination of a contesting bidder's responsibility shall be vested in the sound discretion of the Procurement Commissioner and other City officials.

All bids are valid for a period of not less than 60 days, or as otherwise specified in the Invitation and Bid. If the bid has not been awarded within the specified period of time, the bid shall be valid for subsequent award only upon the express consent of the bidder, with no change to the submitted bid. Any price increases/decreases expressly provided for in the Invitation and Bid will be allowed. All Contract awards shall be made by the Procurement Department upon written notice to the bidder that is determined by the Procurement Department to be the lowest responsive and responsible bidder. When applicable, unit pricing quoted will prevail in the event of any discrepancy(ies) between unit price and the extended amount. This same quoted unit price will be the determining factor in establishing applicable contract amount(s) and award(s).

11. QUANTITIES AWARDED.

For requirements contracts only, the articles and quantities of such articles as set forth in the Invitation and Bid are estimates and the Procurement Commissioner, in his/her sole discretion, may make an award for none or all or some of the articles bid and in such quantities as the Procurement Commissioner shall deem appropriate. Any purported assignment in violation of this provision shall be of no effect.

19. DEFAULT and TERMINATION.

All work performed and goods and services rendered by a successful bidder (referred to in this Section as "Contractor") under any Contract resulting from the Invitation and Bid shall strictly conform to these Terms and Conditions of Bidding and Contract and the specifications and requirements contained in the Invitation and Bid.

The Procurement Commissioner may, in his/her sole discretion, require Contractor to continue to furnish all goods and perform all services required under the Contract until the Termination Date, in which case, subject to the remedies enumerated above, the successful bidder shall be paid in accordance with the Contract therefore. If the City requires Contractor to cure the event(s) of default, or to continue to furnish goods or services until the Termination Date, and Contractor refuses or fails to do so, then such failure shall itself be deemed an event of default under this Section, for which the City may exercise any of its rights hereunder.

- b. In accordance with Chapter 17-400 of The Philadelphia Code, Contractor agrees that its payment or reimbursement of membership fees or other expenses associated with participation by its employees in an exclusionary private organization, insofar as such participation confers an employment advantage or constitutes or results in discrimination with regard to hiring, tenure of employment, promotions, terms, privileges or conditions of employment, on the basis of race, color, sex, sexual orientation, gender identity, religion, national origin or ancestry, shall constitute an event of default under this Contract and shall entitle the City to all rights and remedies as provided herein in Section 19 or otherwise available to the City at law or in equity. 26. ETHICS REQUIREMENTS.

To preserve the integrity of City employees and maintain public confidence in the competitive bidding system, the City intends to vigorously enforce the various ethics laws as they relate to City employees in the bidding and execution of City contracts. Such laws are in three categories:

- a. Gifts. Executive Order No. 02-04 prohibits City employees from soliciting or accepting anything of value from any person or entity seeking to initiate or maintain a business relationship with the City of Philadelphia, its departments, boards, commissions, and agencies. Bidder understands and agrees that if it offers anything of value to a City official or employee under circumstances where the receipt of such item would violate the provisions of this Executive Order shall be subject to sanctions with respect to future City Contracts. Such sanctions may range from disqualification from participation in a particular Contract to debarment, depending on the nature of the violation. All bidders, agents or intermediaries who are solicited for gifts or gratuities by City employees are urged to report these incidents to the Inspector General, Aramark Tower, Third Floor, 1101 Market Street, Philadelphia, PA 19107.

Both the State Ethics Act and the City Ethics Code prohibit a public employee from using his/her public office or any confidential information gained thereby to obtain financial gain for himself/herself a member of his/her immediate family, or a business with which he/she or a member of his/her immediate family is associated. "Use of public office" is avoided by the employee or official publicly disclosing the conflict and disqualifying himself/herself from official action in the matter, as provided in The Philadelphia Code Section 20-608.
