Janet Hagan
Acting Procurement Commissioner

August 8, 2007

Dear Vendor:

The City of Philadelphia, Procurement Department is implementing a new electronic procurement system.

In about a month, letters, providing additional information, will be sent to vendors who are currently listed on the City of Philadelphia's bidders' lists. In addition, all up-to-date information regarding WebProcure's implementation and vendor registration will be posted under "Notices" on our web page at www.phila.gov/bids as well as on www.phila.gov under Feature Stories.

Stay tuned for news on this exciting new system.

Sincerely,

Janet Hagan
Acting Procurement Commissioner
